Subject: Project R25765 07CA58467

Dear Mr. Swindlehurst:

This has reference to the work completed under Project 07CA58467 regarding the promulgation of new UL Fire Resistance Designs. These new designs include the identical product designations and installation practices with the exception of including a change of the identification of the Spray-Applied Fire Resistance Materials as shown below:

Previous Type	New Type
Type 300	Type PC3C
Type 400	Type PC4C

The identification of the new UL Fire Resistance Design Nos. vs. the old Design Nos. are shown by the attached Illustration.

Further you have advised that the commercial brand names used by Cafco and Promat for the products are as listed below.

Type	Name
PC3C	CAFECO 300 or PROMASPRAY 300
PC4C	CAFECO 400 or PROMASPRAY 400

Very truly yours

Kenneth Rhodes
Senior Staff Engineer
Fire Protection Div.
